# TIPS FOR CALLING OUR AUTOMATED SYSTEM

Our interactive phone system is designed to help you get to the information you're looking for quickly and easily. Best of all, it's available when you are – 24/7/365! Here's a few tips to get you started—

- |  |   |
|--|---|
| <b>Tell us how we can help</b>                         | When prompted, tell us in a few words how we can help and we'll get you to the right place. For example, if you'd like to make a payment, say "make a payment," or if you need help with your password, just say "password."  |
| <b>Have your information ready</b>                     | To verify your identity, we will ask for your SSN or account number. You can find your 10-digit account number on Aidvantage correspondence such as your monthly statement.   |
| <b>Use our self-service options</b>                    | You got this! Make a payment, hear your account balance, or reset your password on your own. It's fast and easy.  |
| <b>No pen? No worries</b>                              | Multi-tasking? Don't worry – we can text you information, such as your payment confirmation number, current balance information, and where to send your payments.   |
| <b>Access your account and we'll help you navigate</b> | Our phone system can send you links to take you directly where you need to go in your Aidvantage.com account (you'll need to log in first). We can also email you links to repayment options, forms, and other information you're seeking. For example, say "repayment options," "loan forgiveness," "consolidation," or "Auto Pay" – we'll take it from there. |
